Graduate Students:

Certain privately funded scholarships are exempted from the general state law that requires certification of U.S. citizen or lawfully present non-citizen status. If a student graduated from a high school within the state of Utah and is applying for only privately funded awards that are administered by Utah State University, no certification is required.

Please indicate below your high school graduation status:

- I graduated from a Utah High School
- I did not graduate from a Utah High School

Any student who did not graduate from a Utah high school and who receives a scholarship, fellowship, or other privately-funded financial aid administered by Utah State University is required by state law to certify that they are eligible to receive the scholarship as a U.S. citizen or a citizen of another country who is lawfully present in the U.S. The student's status will also be verified with the Department of Homeland Security. If students do not know whether they are in the U.S. lawfully, they should seek the advice of an immigration attorney before accepting a scholarship award that requires certification and verification.

Student Citizenship Status:

- U.S. Citizen
- Lawfully Present, Non-Citizen of the U.S.
- I do not meet one of the above

By selecting above either "U.S. Citizen" or "Lawfully Present, Non-Citizen of the U.S." and by signing this application, I certify under penalty of perjury that I am either a U.S. citizen or a citizen of another country who is lawfully present in the U.S. I understand that my status and eligibility for financial aid/scholarship within the U.S. will be verified through the Department of Homeland Security prior to an award of this scholarship/financial aid.
