

Utah State University and Neuroessments LLC are looking for participants ages 65+ for a research study.

Participants must:

- Be 65 years of age or older
- Be able to move upper limb without severe difficulty and/or pain
- Be able to comprehend the English language.

The study will take place at the Utah State University's Logan Campus in the Sorenson Center. Participants will complete a simple upper body movement test. The time of interaction will be approximately 10 minutes per session.

Participants will be able to sign up for one or multiple sessions.

Participation in this study is voluntary.

If you choose to participate, you will be compensated for each session you complete, for up to 45 sessions. Compensation is provided via a gift card you select from a list of vendors.

Free parking is available in the Aggie Parking Terrace.

For more information and to find out if you qualify, please contact **Josey Batura at (435) 797-1715 or j.batura@usu.edu**
