

# Mary Ann Hoopingarner: New Logan Program Director

07/27/2022

Mary Ann at Iditarod Sled Dog Race, March 2022

We are excited to introduce Aggies Elevated's new Logan Program Director: Mary Ann Hoopingarner! This is Mary Ann's 30th year in education, and she has a lot of experience implementing programs for students with disabilities in schools to help them succeed personally and academically.

Mary Ann is a native of Ohio and has worked in Utah for the past three years. She is also a proud mom of three, with a son, a daughter, and a chihuahua! She is a huge Iditarod fan, an annual long-distance sled dog race across Alaska. The picture above shows Mary Ann at the Iditarod race this past March.

Mary Ann says she "is most excited about getting to know the students and staff of Aggies Elevated!" We are exhilarated to have her join the Aggies Elevated Team!
