

VPN Connection Instructions

1. Open up Cisco AnyConnect (VPN Client)
2. Type in vpn.usu.edu/staff
3. Click Connect
4. Enter your username (A-Number)
5. Enter your USU strong password
6. The Second Password is a 6-digit code generated by DUO.
7. To retrieve the 6-digit code on your phone, open the duo app, then tap the Duo-Protected USU option. This will display a 6-digit code which will reset approximately every 30 seconds.
