**OTHER COURSES APPROVED BY YOUR ADVISOR**

^ Taught alternating years

\* Taught periodically, check schedule for availability and delivery format

**Your program of study is under the direction and approval of the ITLS MEd program advisor.**

Your Program of Study (PoS) is the official agreement between you, the USU School of Graduate Studies, and the ITLS department that the courses listed therein fulfill the requirements for the specified degree. An advisor is assigned upon matriculation to the program to guide you through the coursework. The culminating

experience will be under the supervision of the ITLS MEd advisor, however, if there is a different faculty member you would like to work with for the culminating experience, consult with the ITLS MEd advisor to make those arrangements.

### **DegreeWorks**

You are encouraged to use DegreeWorks to plan and keep track of your progress. **Login to Banner** [directly ([banner.usu.edu](http://banner.usu.edu)) or through [my.usu.edu](http://my.usu.edu)] using your USU A# & password. Click on **Student**. Click on **Student Records**. Click on **DegreeWorks**.

### **Notes:**

- The Program of Study for a master's degree must include at least 15 semester credits at the level of 6000 or above. Coursework that is below the 5000 level should typically be in areas outside the student's graduate degree field and must be approved by the student's supervisory committee as appropriate for the student's individual degree program.
- Courses that students entering the graduate program are expected to have taken as undergraduates and prerequisites for graduate courses may not be included on a Program of Study.
- No more than 12 semester credits taken at USU or another institution prior to matriculation at USU may be used in a program of study for a graduate program at USU. Credits with P grades may be transferred **only** with advisor approval.
- Credits in the following areas are not acceptable in a graduate degree program: foreign languages, continuing graduate advisement, individual home study, military science, and courses numbered below 3000.
