Upon successful program completion, students earn a Master of Education degree in LSL Deaf Education, with eligibility for the Utah Deaf Education Professional Educator license with LSL Endorsement. Distance students earn the Utah license and can then seek reciprocity for licensure within their state. Due to large variability in licensure requirements, students are encouraged to contact their state educational licensing division to confirm				Total Credit Hours for Master of Education degree and Utah Deaf Education Professional Educator License			47

**With prior approval, students who already hold a professional educator license may be eligible to complete another practicum placement spring semester in lieu of student teaching.*
